

GROUP 4 PRESENTATIONS: SELF EVALUATION

Schenectady High School

Name Group Members

Faculty Advisor..... Science and Level.....

Title of Project.....

Now that you have completed the Group IV project, you should complete the following form and submit it to Mrs. Chien. Your comments will be confidential and will be retained by Ms.Chien. Remember, details are determining factors on how you worked as a group. Use a separate sheet if necessary.

1. As a group working on this project, what did you do well?

2. What were the problems or frustrations you encountered in completing the task?

3. Who were the most helpful members of the group in getting the group organized and in completing the task? What did they do?

4. Did any members of the group make the task more difficult and what did they do? How did you respond to this? Did your response help or hinder the situation?

5. How successful was your group in meeting the objectives of the project?

6. If you were to undertake this task again, what changes would you make in procedure or organization that would improve the final quality of the project?
